

LOCAL JPS KEEP THE PROFESSIONAL LOOK WITH NEW UNIFORMS

The Tuggerah Lakes Branch of the NSW Justices Association has received a generous grant from the Wallarah 2 Community Foundation to assist with the purchase of professional NSWJA shirts and jackets.

“Being able to provide our JP desk volunteers with attractive uniforms will improve the image of our services and easily identify us to the community”, said Bruce Gibbs, Hon Secretary of Tuggerah Lakes Branch of NSW Justices Association.

“The benefits of our services are focused on providing a much sought after JP service to the community, at eight convenient locations across the Local Government Area. These services are being increasingly utilised”, added Bruce.

The newest community JP desk opened in Lake Munmorah Shopping Centre with the financial assistance of Wallarah 2 has doubled its clientele in the last ten months.

Peter Allonby, General Manager of Wallarah 2 Coal Project said, “Wallahah 2 is proud to support the Tuggerah Lakes Branch of the NSW Justices Association. They provide a very important community service to the Central Coast”.

Ordering of the new uniforms will now commence following the 2018 NSWJA State Conference held at Mingara on May 19th, 2018. Currently there are 55 volunteers but more are expected to join after the State Conference.
