

**WALLARAH 2 PROUDLY SUPPORTING 2018 CHINESE CULTURAL FESTIVAL**

The Wallarrah 2 Coal Project is once again proud to support the Central Coast Chinese Cultural Festival to be held on September 16 at The Entrance Memorial Park.

The annual event organised by the China Australia Friendship Association, is the largest multicultural festival held on the Coast with over ten thousand visitors expected.

“Planning is already underway and detailed organisational work starts in July with performance practice also starting at this time” says Festival Director, Ruby Eaton.

China Australia Friendship Association (CAFA) is the most active multicultural group on the Central Coast and runs two large events annually, being the Multicultural Showcase at the Wyong Arthouse and the Chinese Cultural Festival in September at The Entrance. Each event incorporates participation from all other major ethnic groups on the coast and CAFA operates as the umbrella group organiser for all of the multicultural groups. In addition it gives smaller performances and seminars to schools and retirement villages which promotes understanding and harmony within the community.

“We appreciate the continued support from Wallarrah 2”, said Ruby. “We are the only multicultural event on the Central Coast organised by the community and without grant funding we could not continue” added Ruby.

General Manager of Wallarrah 2, Peter Allonby said “Wallarrah 2 are more than happy to support such an important community event and we wish CAFA all the very best for this year’s festival”.
